ANOTHER

DIAMOND JUBILEE PRODUCT
FROM HONEYWELL

the HEILAND

PENTAX

H-2

the lightest, trimmest, easiest-handling camera in the single lens reflex field!

The elegant simplicity of its classic design makes the Pentax as natural to use as your hands. Look through the brightest of all pentaprism finders and see how easy it is to keep the life-size image constantly in focus. Press the shutter release and see how the diaphragm automatically stops down—how the instant-return mirror gives you uninterrupted, *follow-through* viewing. All controls on one deck give you complete operating freedom—let you take full advantage of the Pentax's famous, razor-sharp Takumar lens. And yet the Pentax is only \$179.50 (less case)*—the greatest camera value in the world!

Viewfinder lens group

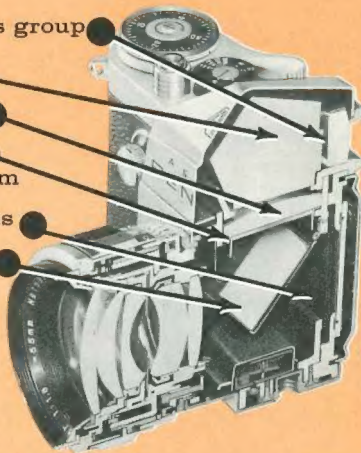

Pentaprism

Ground glass

Fresnel lens
with microprism

Shutter curtains

Reflex mirror

**Also available in black
finish at same price*

You can buy the Pentax for as little as \$18.00 down and \$8.08 a month at most Heiland dealers.

**Pentax-invented instant-return mirror gives
uninterrupted, follow-through viewing**

Focus

Expose

**Instantly
see again!**
